We offer 6 months after course support with the educator. Even after your online course has expired you can still contact the educator through the platform for after course support to through other means like Messenger.

Course Resources and Benefits?

We provide a Student Book that had all the necessary diagrams and information you will need while completing this course.

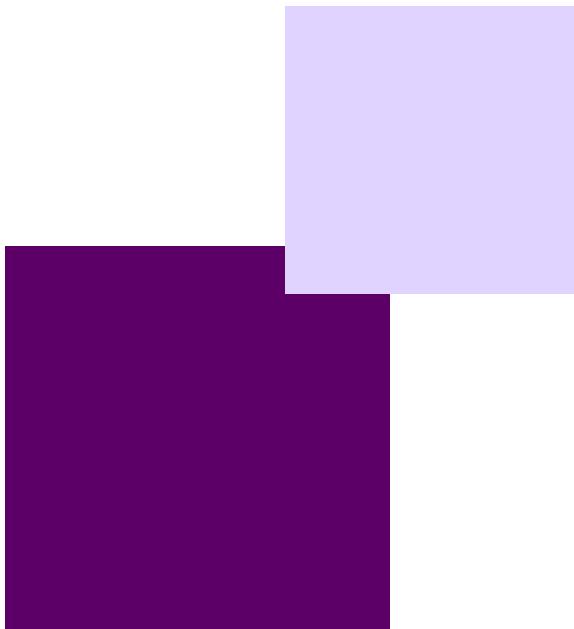

Introduction

The course contains:

- Anatomy
- Nail Structure
- Equipment, tools and products overview
- Decontamination
- Nails and skin disease
- Tests and Assessments
- Manicure demonstration
- Gel polish application step by step

Course duration

In class - 1 days

Online - 3 month access

(Practical hours-4)

(Theoretical hours-9)

2 Options

01

Online

A fully online version where no in-person work is necessary. There is no requirement for you to travel to our education centre and complete practical work there. All assessment will be completed online and you will receive an accredited certificate as-well.

02

Online / Offline

Our unique online / offline system is where you can complete the theory portion of our course in the comfort of your own home, online and the practical portion in our academy with our highly trained educators. With our new comfortable and professional learning platform learning has never been easier. Learn at your own pace, with access to the course for 12 weeks, and also learn in the comfort of your own home.

** A fully offline course is where all theory and practical aspects are held in our academy. This is only by individual request. (1-1)*

- Learning platform: <https://www.naetika4u.com>
- Lessons: 29
- Access: 12 weeks (3 Months)

High quality recorded lessons and interactive training. Take part in homework's, quizzes and games. You can enrol at any time and start the course immediately.

Please be aware that the 1st lesson is an Enrolment Form, once you complete this the tutor is required to grade the provided information and prepare all necessary documents for your certification.

These are also the details used to send out your student book. It may take up to 3 working days. You will get notification when this lesson will be graded by email. (Please check spam if you have not received this on your inbox)

Zoom

Your assessment will be complete throughout the program “Zoom”. You will have to perform a Zoom Assessment on all 4 techniques. Do not worry if you have now used zoom before there will be a test before the first assessment and a document showcasing all that you will need to do.

You will need to message your educator as soon as you start the course to book a date, if you don't do this at the earliest point possible the date you require may already be booked.

You will still receive a fully accredited certificate. This option is popular for those who are not able to or do not wish to travel to our academy.

With this option you will have 3 months to complete your theory course online. You will buy the course online for the price of £180 and then pay an extra £70 for the 1 day spent offline in our academy, this can either be done by bank transfer (just ask your educator for details) or cash once you have come to our academy.

This is a very popular choice in our academy as it means you can learn the theory at your own pace at home, making sure you understand everything, and then spend all hours at our academy on practical work. It makes sure that we can give our students the maximum amount of practical work without the need to go over theory again.

The theoretical part must be completed and submitted to your educator before coming to practical part. The student book must also be fully filled in and brought along with you. If the theory is not completed before the date of your practical lessons an extra charge of £150 must be paid to book a date again!

On the day:

10am

- Q&A quick verbal test
- Tools and Products overview.
- Filling out a client card

11am

- 1st Model
- Practical part will be performed by using, manual tools to push and clean the natural nail and cuticle.
- We will pay closer attention to the angle and hand position, we will go through it step by step to make sure the student feels confident and safe.
- We will perform classic manicure and product application
- Filling
- Product removal
- Length removal.

13:30pm

- 2nd Model
- Assessment work
- Work place cleaning.
- Tool Sterilisation
- Q&A

Start - 10am
Finish - 18pm
Lunch break - 13pm

FAQ

Will you have the option to change from an online course to off-line?

Yes, if you had been enrolled into the online course only, you can ask for a in class assessment or session, just bare in mind that it is a 1 day course in our academy and extra charge (£70) will be applied.
